

# 100% RECYCLED OUTER BLAZER FABRIC

## Help protect the planet with Trutex The eco-friendly choice for your school blazer

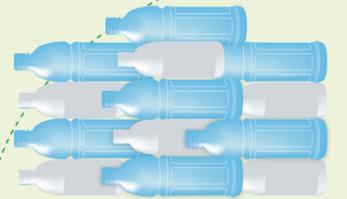

Durable, comfortable and smart, our made to last Re-vive Blazers help you do a little bit more to help save our environment for future generations.

### How Trutex RE-VIVE Blazers are made

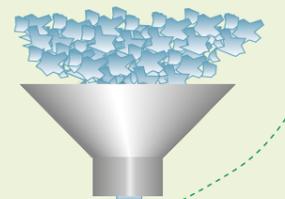

Plastic bottles

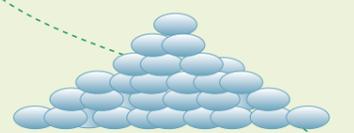

are put together into a bale

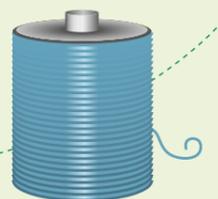

which is broken into flake

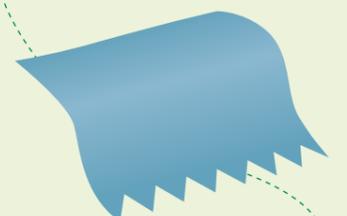

The flake goes through de-polymerisation and re-polymerisation processes

to make recycled chips

These are melted and extruded to make yarn

which is woven to a high quality fabric
